Subject: Phone message on designations

Ken,

You asked if EPA was still on track to meet the July 2, 2016 designation date and if so, given July 2 is a Saturday, will the public announcement be July 1st or July 5th?

I believe the agency remains on track to meet our court ordered date. I don't know the answer to the second question. The designation is done at the HQ level so they may be able to answer that but I have not heard a date certain for the public release.

Thanks,
Andy
